

AIDE AUX ENFANTS CAMBODGIENS FOYER LATASTE

Partnership proposal

THE ASSOCIATION

OUR MISSION

To contribute to Cambodia's development by supporting children who are truly disadvantaged while respecting their culture and their traditions.

OUR VISION

AEC-Foyer Lataste is an association under the 1901 law, **non-political, non-religious and non-discriminatory**, acting in the field of children and education in collaboration with the public system and local authorities.

OUR GOAL

Children become independent citizens and actors in the development of their country.

THE ASSOCIATION

SOME NUMBERS

- More than **700 children** supported each year
- **29 khmer staff members** (14 employees et 15 supply teachers) + **2 French volunteers** on the field
- **85 % funds dedicated to our field missions**
- **211 godfathers and godmothers**
- **22 years** of AEC-Foyer Lataste / ADTJK partnership (Cambodian partner)

AEC-Foyer Lataste in brief

OUR MAIN ACTIONS

CHILD PROTECTION

- ❖ Complete care for orphan or vulnerable children, who are referred by social services.
- ❖ In preventive action : material and financial support to children from very disadvantaged families

EDUCATION

To offer the most disadvantaged children access to free and quality education, from kindergarten to higher education

AND...

Complementary actions in the areas of **health**, **environment** and **culture** to improve the lives of children and their families, to contribute to sustainable development of the region.

The mobilization in France for Cambodia

Many actions

Everywhere in France, solidarity actions have been organized for Cambodia :

Solidarity bike races

**Running races for middle and high school students
(St Maixent/Chambéry/La Ravoire)**

Snow event

But also ... Association forums, solidarity dinners, tombolas, photo exhibitions, donations of equipment, concerts, Christmas markets, etc.

Partnership proposal

Launch of a solidarity action through sport in your company

- **Your company has chosen to support our association by launching a sporting challenge to its employees!**

The course :

1-A company employee carries out the project

2-The company chooses to support our association

3-Employees who wish to participate in the project register and use "Strava" application (free application for 1 month)

4-During a given short period (between 5 and 15 days) the employees fulfill their sporting challenge registered on Strava, which everyone can consult

5-At the end of the solidarity challenge period, the kilometers are recorded

6-The company transforms the solidarity kms of employees into euros to make a donation to our association (example: 1 km of races or cycling done = 10 euros. If 10 employees participate over 7 days, with a total of 200 km traveled, total of 2,000 euros collected).

Strava : an application supporting the sporting challenge during the health crisis

Strava turns your smartphone into a sophisticated device dedicated to running and cycling. Start Strava at the beginning of your activity and you can follow your performance in live. Then analyze your post-exercise data and even watch the performance of other people in your network!

Note: Strava is just an application that allows a challenge among the employees of the company, but it is not the only way. People can participate and calculate their performance in another way.

A mutual contribution

FOR YOUR BUSINESS

- Offer a solidarity project to your employees to strengthen group cohesion
- As part of CSR, work on a project that makes sense and all the funds are donated for an international solidarity action
- Propose a simple and risk-free project in the context of the current health crisis (no organization of events leading to contact risks or restrictions)

FOR OUR ASSOCIATION

- Raise funds for our projects or actions in the field
- Increase the visibility of our association

Note : Your donation allows you to benefit from a tax credit (tax reduction = 60% of the donation within a limit of 5 % of annual turnover).
